Dear L2A team,

I was enrolled in the 8+4 Test Series CSE 2023. The pattern of questions was similar to the nature of UPSC mains CSE. The evaluation was quick yet detailed with many inputs given as to how one can improve the quality of answers.

The videos were extremely useful as they gave insights regarding how one should approach any question. Moreover, all the topics from the test papers were covered comprehensively.

I suggest giving sufficient time to the explanation videos after writing tests to gain the maximum benefit.

My sincere thanks to Bala sir and the entire team of L2A.

Thank you
